Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Friday 09 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and some wintry showers. Cold and frosty overnight.

Today:
A largely dry day for most areas with plenty of sunny spells and the odd shower possible. Showers could fall as sleet or snow, particularly over the higher ground. Feeling colder than Thursday but with much lighter winds. Maximum temperature 10 deg C (50 deg F).

Tonight:
Any lingering showers easing during the evening with clear skies developing. Feeling cold under clear skies with overnight harsh frost for most parts of the region. Minimum temperature -3 deg C (27 deg F).

Saturday:
A mostly dry morning with some sunshine. An increasing risk of showers through the afternoon. Showers likely to fall as sleet or snow, particularly over the higher ground. Feeling chilly. Maximum temperature 8 deg C (46 deg F).

Outlook for Sunday to Tuesday:
Dry with sunny intervals in the morning, outbreaks of rain and snow overnight for Sunday. Mostly cloudy with scattered showers for Monday and Tuesday. Feeling cold with overnight frost throughout.
